The CD-ROMs include all 235 of Tom's articles dealing with a wide range of pool and billiards topics, covering mechanics, shots, drills, and mental aspects. The articles are organized into various categories and also listed chronologically. They can be viewed on-screen or printed from the CD-ROMs.</p> |

Video Encyclopedia of Pool Shots (VEPS) DVDs

5-DVD series with co-author Tom Ross, covering 750 shots in 50 different categories, including 250 useful "gems" of the game. Topics include: basic shot making and cue ball control, english and position play; safety play and strategy; banks, kicks, and advanced shots; and skill and specialty shots. VEPS reveals all of pool's "secrets" and covers every type of shot, principle, and technique important in the game.

from Gerda Hofstatter (WPBA professional; US, European and World Champion):
"VEPS is the most comprehensive work on the game of pool I have seen. It is extremely educating, concise, and entertaining. Everyone who loves pool and wants to improve their understanding of the game should study it. I am recommending it to everyone I know."

from Tom Simpson (BCA Master Instructor and ACS Level 4 Instructor/Coach):
"In my opinion, this is the greatest single resource for players ever created. Packed with knowledge, clear demonstrations, simple explanations, and good pool sense."

Video Encyclopedia of Pool Practice (VEPP) DVDs

5-DVD series with co-author Bob Jewett covering over 175 drills and challenges in 30 different categories. VEPP is an organized and methodical training program and pool workout. It teaches you how to develop, assess, and track progress of skills in all aspects of your game. It is the most comprehensive collection of drills ever published. VEPP provides everything you need to elevate your game to the next level, and is an excellent companion to the VEPS series. VEPS shows you everything possible at the table, and VEPP shows you how to develop the skills required to execute the VEPS shots with confidence.

Video Encyclopedia of Eight Ball (VEEB) DVDs

5-DVD series with co-author Bob Jewett covering all of the skills, knowledge and strategy you need to excel at 8-ball. A perfect set for a serious 8-ball league player who wants to bring their game to the next level. VEEB covers game strategy, position play, CB control, combination shots, carom shots, kiss shots, cluster shots, kick and bank shots, throw shots, safety play, jump shots, the break, end-game situations, rules and fouls, and numerous run-out examples with detailed explanations. VEEB covers all intricacies of this wonderful game and will help you expand your repertoire of shots, become an effective offensive and defensive player, and learn how to run-out and win more often.

Video Encyclopedia of Nine-ball and Ten-ball (VENT) DVDs

5-DVD series with co-author Bob Jewett covering all of the skills, knowledge and strategy you need to excel at 9-ball and 10-ball. A perfect set for a serious 9-ball or 10-ball league or tournament player who wants to bring their game to the next level. VENT covers breaking and racking strategy and patterns, basic game strategy, position play and english, equipment differences, smart safety play, end-game situations, advanced principles/shots/strategies, and run-out examples with detailed explanations. VENT will help you break like a champion, control the CB better with english, master safety play and defensive strategy, expand your repertoire of shots, and run-out and win more often.

Billiard University (BU) Instruction Series DVDs

3-DVD series with co-author Randy Russell providing a methodical training program and pool workout. The BU DVDs contain instruction on techniques and aiming systems that can help raise one's game to the next level. The DVDs cover important fundamentals including pre-shot routine, stance, and stroke; and they also cover the basics of cue-ball control, useful kick and bank shot diamond systems, and the break and other skill shot techniques. The DVDs also offer advice and guidance concerning how to practice and learn strategies for achieving the highest scores possible on the BU playing-ability exams.

How To Aim Pool Shots (HAPS) DVDs

3-DVD series with co-author Bob Jewett. HAPS covers cut-shot aiming systems, how to adjust for cut-induced throw, how to aim without guessing when using english (sidespin), and how to aim specialty shots including caroms, kisses, combos, rail cut shots, and elevated-cue shots. Also included are numerous simple but effective systems for aiming kick and bank shots. HAPS is the definitive reference for pool and billiards aiming systems ... the aiming instructional videos everybody has been waiting for.

Purchasing Advice:

If you are not sure which product you want to start with, the best way to decide is to view the information and excerpts from each on the website. To do this, click on each product link above, and then click on each individual disc link. Detailed outlines and sample video clips can be found there. After viewing this stuff, then you can better decide for yourself which product might be best for you. **In general, a good approach is to start with the “Illustrated Principles” (IP) book/DVD combo, then the HAPS DVDs, then the BU DVDs, then VEPS, and then VEPP. And if you play 8-ball, especially in a league, VEEB is a must-have. And if you play 9-ball or 10-ball, especially in a league or weekly tournament, VENT is a must-have.** If you want to save money, discounted package deals are offered on the website.

Briefly, the IP series provides a complete overview of important fundamentals and principles of the game, the BU DVDs focus on mechanics and how to develop important foundational skills, HAPS covers how to aim every type of shot, VEPS explores every shot and game situation possible at the table, VEPP provides a complete pool workout of drills and challenge games to help you master the VEPS skills, VEEB teaches all of the skills, knowledge and strategy you need to excel at 8-ball, and VENT teaches all of the skills, knowledge and strategy you need to excel at 9-ball and 10-ball. The TRCD instructional articles focus on the mental aspects of the game. The tables below show the topics and skill ranges associated with each of the main products:

| product | topics covered | | | | | | | |
|---------|----------------------|----------------|------------|-------------------------|--------|---------------|---------------------|----------------------------|
| | basics, fundamentals | aiming systems | CB control | sidespin, position play | drills | game strategy | kick and bank shots | advanced shots, techniques |
| IP | X | X | X | X | | X | X | |
| HAPS | | X | | X | | | X | |
| BU | X | X | X | X | X | X | X | X |
| VEPS | | X | X | X | X | X | X | X |
| VEPP | | | X | X | X | X | X | X |
| VEEB | | | X | X | | X | X | X |

| VEPP | | X | X | X | X | X |
| VEEB | X | X | X | X | X | X |
| VENT | X | X | X | X | X | X |

It can also be extremely helpful to take a lesson with a qualified and experienced instructor so he or she can help assess your game and help you work on the things that are most important for you to develop as an individual. It is important to correct any bad habits you might be developing as early as possible. Books and DVDs alone can't do this. Lists of recommended instructors are available here:
